## **"Grant vs Lee in the Overland Campaign"**

More than a century and a half has elapsed since the Army of the Potomac crossed the James River and Baldy Smith's 18<sup>th</sup> Corps pressed toward Petersburg, aiming to sever the Army of Northern Virginia's main supply line. The six weeks of combat preceding the movement on Petersburg represents the most intense continuous bout of warfare the continent has ever witnessed. Each side's premier general - Ulysses S. Grant and Robert E. Lee - matched wits and endurance in a campaign of combat and maneuver from the Rapidan River to the James. Packed into those six horrific weeks were the battles of the Wilderness, Spotsylvania Court House, the North Anna River, and Cold Harbor.

My talk will present an appraisal of Grant's and Lee's generalship during the Overland Campaign, as the meeting engagement between these two talented warriors is popularly called. The focus will be on the campaign's final days at Cold Harbor and Grant's decision to pry Lee from his formidable earthworks by slicing the Army of Northern Virginia's main supply line at Petersburg. The story is one of the most exciting in the annals of American military history.

### **The March Meeting Will Be a Zoom Meeting**

Due to the continuing Covid-19 pandemic, the March meeting will be a Zoom meeting. Big Spring Country Club, our meeting place, has informed us that they will be closed in March and we are going to hold this meeting as a Zoom meeting on the scheduled date as planned. The ongoing situation that continues to develop and continues to change with the virus will dictate how soon we can meet in person.

### **How Does Zoom Work?**

This is basically how Zoom would work for a meeting. First, you will need to download the Zoom app to your computer, tablet, or cellphone. You can do this by going to [zoom.us](https://zoom.us) and clicking on "Resources" and "Download Zoom Client for Meetings". You will receive an email before the meeting with a **link** that you will click on and that will take you directly into the meeting. You will not need to enter a passcode or password as the link will take you directly into the meeting. We encourage you to log in ahead of the start time so that you will be ready when the meeting starts. At 7:00 you will see our President, Dave Hoffmann, who will host the meeting, introduce the speaker and then you will be able to see and hear the speaker give his talk. You can ask questions during the talk using the chat function and the speaker will answer at the end of the meeting. The meeting will last about one hour and of course you can drink your favorite beverages and munch on snacks while you watch, and you do not have to dress "up"!

### **Additional Zoom Features for the March Meeting**

In our March meeting participants will have the option of turning on their cameras and microphones while waiting for the program to start. During this time, you will be able to see your fellow LCWRT members, talk, and send text messages to them. So, if you've been waiting to see some of your friends in LCWRT, the March meeting is where you can touch base.

Once the program starts at 7:00, we'll ask everyone to mute their microphones and turn off cameras. Text messaging through Chat will still be open to send messages to the speaker or individual members during the presentation.

### Email Addresses - Very Important for Zoom Meetings

To connect to our Zoom Webinar activities, we need a current and active email for you. We have email addresses for most of our members. For the ones we do not have email addresses for, you will receive a request in your mailed newsletter to email me. I will need to have your email address before March 12 when the link to the meeting will be sent. You can send me your email at [johnd.davis@twc.com](mailto:johnd.davis@twc.com). As a reminder, we do not share your email address with any outside group. If you receive the newsletter by email, you obviously do not need to send your email address to me unless you have a new email address.

## Amazon Now a Partner with the Louisville Civil War Round Table!! Amazon Smile!

You can now donate money to our Round Table without it costing you anything! You read that correctly; we now have the opportunity to receive **free money!** The LCWRT as a 501(c)(3) organization is a qualified charity and eligible for participation in this program, and we are now a registered charity participant on Amazon Smile. If you make purchases on Amazon as most of us do, you can now make purchases via Amazon Smile and can select LCWRT as the charity to receive 0.5% of the amount spent. This will cost you absolutely nothing! Basically, members make purchases at Amazon Smile, instead of Amazon. On Amazon Smile, you can designate LCWRT as your charity. Once every quarter, the accumulated money will be deposited into our Chase Bank account.

### What Is AmazonSmile?

AmazonSmile offers all of the same items, prices, and benefits of its sister website, Amazon.com, but with one distinct difference. When you shop on AmazonSmile, the retailer's Foundation contributes 0.5% of eligible purchases to the LCWRT. AmazonSmile can be a bit confusing for first-time users. Here are some things to remember.

The Internet address is [smile.amazon.com](https://smile.amazon.com). But the company uses the term AmazonSmile in its explanatory information. To use smile you always log on to smile.amazon.com. If you already have an Amazon account, when you click on smile.amazon.com, you will be asked to sign in. If you don't have an account, you will need to set one up. It doesn't cost anything to set up an Amazon account. There is a fee if you set up an AmazonPrime account. If you already are a Prime customer, Amazon Smile will also be a Prime account automatically when you sign in to Smile.amazon.com.

Once signed into smile.amazon.com, you will be prompted to pick a charity. You will type LCWRT in the search box and then select LCWRT when prompted. Once you do that, a percentage of your purchase price on most, but not all, items will be donated to the charity of your choice. You must remember to go to smile.amazon.com each time you shop for all of this to work. Once you pick LCWRT as your charity, smile will remember this, and you do not have to select it every time you log on. There is absolutely no cost to use smile. You will pay the exact same amount for purchases as you would using regular Amazon. Your Prime account will still ship eligible Prime items free of charge.

### How does my donation work?

If you purchase an item for \$100, the AmazonSmile Foundation will donate 0.5 percent of the purchase price from your eligible AmazonSmile purchase. The purchase price is the amount paid for the item minus any rebates and excluding shipping & handling, gift-wrapping fees, taxes, or service charges. So, this will translate into \$.50 being donated to the LCWRT.  $\$100 \times .005 = .50$  or 50 cents. It seems like a small amount and it is, but with enough of our members using AmazonSmile, it will add up over time.

### Are AmazonSmile Contributions Tax Deductible?

Because the AmazonSmile Foundation makes the donations, they are not tax-deductible by the consumer. You must donate cash or property yourself to qualify for tax deductions.

There is no cost to charities or customers, and 100% of the donation generated from eligible purchases goes to the consumer's charity of choice.

## Help Save Core Battlefield Land in the Wilderness

**Central Virginia Battlefields Trust is continuing a long-time partnership with American Battlefield Trust to assist with the final fundraising to save 36 acres of the Wilderness Battlefield!**

In 2019, the American Battlefield Trust began preservation work on an important 36-acre tract on the Wilderness Battlefield. With the closing deadline looming on April 2, 2021, there's still \$49,000 left to raise to save this piece of historic land. When President David Duncan from American Battlefield Trust called to see if Central Virginia Battlefields Trust could raise half of the remaining funds (just \$24,500), CVBT's President Tom Van Winkle responded with a hearty "yes!"

The 36-acre tract sits near the western edge of the National Park, bordering State Route 20 (Orange Turnpike) and hemmed in by Lake of the Woods subdivision to the north and privately held tracts to the west and east. The land is within the designated Core Battlefield Area and was a key point for the unfolding combat in Saunders' Field on May 5, 1864.

Through your generous support, Central Virginia Battlefields Trust is rallying to raise our portion to help the American Battlefield Trust close on this tract of hallowed ground. **We need to raise \$24,500 by April 2 to fulfill this commitment and join our resources to the grants and fundraising already in place to "swing and close the gap," making the difference between "history saved forever" or land lost to continued development.**

In the opening battle of the Overland Campaign, the Federal V Corps pushed down the Orange Turnpike on May 5, 1864, meeting Confederate resistance as General Robert E. Lee hustled divisions into defensive positions. Brigadier General Joseph Bartlett's brigade from Griffin's Division lined up along the turnpike on the east side of a piece of open ground called Saunders' Field.

The charge plunged across the field under heavy fire and crashed through the Confederate lines held by General Jones's Virginians in the Second Corps near the crest of the high ground on the south side of the turnpike. In the Confederate rear reserve, Brigadier General Cullen A. Battle readied his command of Alabama regiments, the 5th, 3rd, 6th, 61st, and 12th. His men positioned on the northern side of the road (across the exact tract of land that we need to preserve). At this juncture, Battle's brigade moved up at a double-quick. Surprised to find Jones's men scurrying in retreat, the majority of the Alabama Brigade swung like a door, sweeping across the Orange Turnpike and slamming into the advancing regiments of Bartlett's brigade. The 6th and 61st Alabama near the center of the Confederate line captured two artillery pieces and many prisoners.

This 36-acre tract of core battlefield land is where General Battle's Alabamians started on their swinging maneuver that blocked Bartlett's advance along the turnpike. National Park historian Bert Dunkerly has observed: "The acquisition of this land would preserve the site of a Confederate counterattack, where no doubt casualties occurred. It would also help protect the western boundary of the National Park Service property along Route 20 from development."

Help us save this piece of historic battlefield!
